EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Huyen Luong on 02/19/2010.

Claims 14-23 are canceled.

Claim 1, line 7 after the words "moved along its longitudinal axis," add the word --using---

Claim 1, line 7 after the words "said drag" replace the words "having the effect of moving" by the words ---to move---

Claim 30, line 6 after the words "along its longitudinal axis and" add the word ---using---

Claim 30, lines 6 after the words "said drag" replace the words "has the effect of moving" by the words ---to move---

Claim 31, line 7 after the words "along its longitudinal axis and" add the word ---using---

Claim 31, lines 7 after words "said drag" replace the words "has the effect of moving" by the words ---to move---

Allowable Claims

2. Claims 12-13 and 24-31 are allowable over the prior art of record.

Reason of Allowance

3. The following is an examiner's statement of reasons for allowance: the closest prior art of record is Golden (US 5,351,359).

Golden teaches a method of cleaning ropes, lines or similar items comprising the steps of attaching around the ropes, lines or similar items, a cleaning appliance including a tool for cleaning the ropes, lines or similar items and a hydrodynamic drag structure; and creating a drag with said hydrodynamic drag structure as the ropes, lines or similar items move along its longitudinal axis. Golden does not anticipate or suggest fairly a method for cleaning a towed seismic streamer comprising the steps of towing the seismic streamer and using the drag created with the hydrodynamic drag structure to move the cleaning appliance along the seismic streamer, in combination with the other steps as instantly required.

No other prior art that anticipates or suggest fairly the instant claims has been located as of the date of this office action. Therefore, claims 12-13 and 24-31 are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to STEPHEN KO whose telephone number is (571)270-

3726. The examiner can normally be reached on Monday to Thursday, 7:30am to 5:30pm EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Kornakov can be reached on 571-272-1303. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
